Dear WE•Stand Technical Committee Members,

In accordance with Section 5.6 of the [Regulations Governing Consensus Development of the Water Efficiency and Sanitation Standard](#), I have attached the additional negative comments *received after the second recirculation period* to allow the committee the opportunity to review the comments.

The ballot material for the subject documentation is now available on [Kavi](#).

-

The additional negatives received are for Item #032, Item #038, Item #055, Item #079, Item #123, Item #127, and Item #128. Therefore, these items have been reopened to allow the committee the opportunity to review the comments.

If you do not wish to change your vote, no action is required. However, if you wish to change your vote after review of comments, you may do so by **Tuesday, August 30, 2022, at 5:00 PM (PT)**. Any affirmative voters can change their vote.

Thank you for your willingness to serve on this committee.

2022 WE•Stand ROP Third Circulation of Comments

| | | |
|---------------------|--------------------|--|
| Ballot Name: | Item # 032 | |
| Voter Name | Vote | Comments |
| Pape, Thomas | Negative w/comment | I am uncertain that "should" belongs in any text except informative notes. |

| | | |
|---------------------|--------------------|--|
| Ballot Name: | Item # 038 | |
| Voter Name | Vote | Comments |
| Klein, Gary | Negative w/comment | Upon further review, I agree that the definition of water feature needs to be revised. |

| | | |
|---------------------|--------------------|---|
| Ballot Name: | Item # 055 | |
| Voter Name | Vote | Comments |
| McLeod, Cambria | Negative w/comment | I agree with the American Supply Association (Jim Kendzel) and the Southern Nevada Water Authority (Kent Sovocool). |

| | | |
|---------------------|--------------------|---|
| Ballot Name: | Item # 079 | |
| Voter Name | Vote | Comments |
| Barnes, Samantha | Negative w/comment | I agree with many of the negative comments provided. There seems to be minimal risk to health and safety in small-scale applications. Especially when considered to the risks of using other common methods, such as animal manure or conventional fertilizers. The benefits of urine reuse in single-family property applications may outweigh the risks, and requiring permits would only serve to impede those benefits. |

| | | |
|---------------------|--------------------|---|
| Ballot Name: | Item # 123 | |
| Voter Name | Vote | Comments |
| Lando, Pat | Negative w/comment | I agree with John Koeller. This needs to be cleaned up during public comment. |

| | | |
|---------------------|--------------------|---|
| Ballot Name: | Item # 127 | |
| Voter Name | Vote | Comments |
| McLeod, Cambria | Negative w/comment | The standards need to be investigated in more detail. |

| | | |
|---------------------|--------------------|--|
| Ballot Name: | Item # 128 | |
| Voter Name | Vote | Comments |
| McLeod, Cambria | Negative w/comment | I agree with Jim Kendzel and hope the task group can get there soon. |
